Acknowledgments

The MILESTONE is deeply indebted to those boys who have generously spent much time, effort, and money to produce the photographs in this yearbook: Robert J. Starr, Bernard Michals, Dennet Withington, and Derek Holman.

There are many friends of the MILESTONE who have made significant contributions to this yearbook, and we earnestly thank:

Miss Elizabeth A. Page for her help in accounting.

Mr. Harold Johnson of the Andover Press for relieving us of many worries.

Mr. Eugene S. Pulk for his inspiration and patience in helping the Board.

Michael Smith, Emery Rhett, and Dennet Withington for their work on the sketches within these covers.

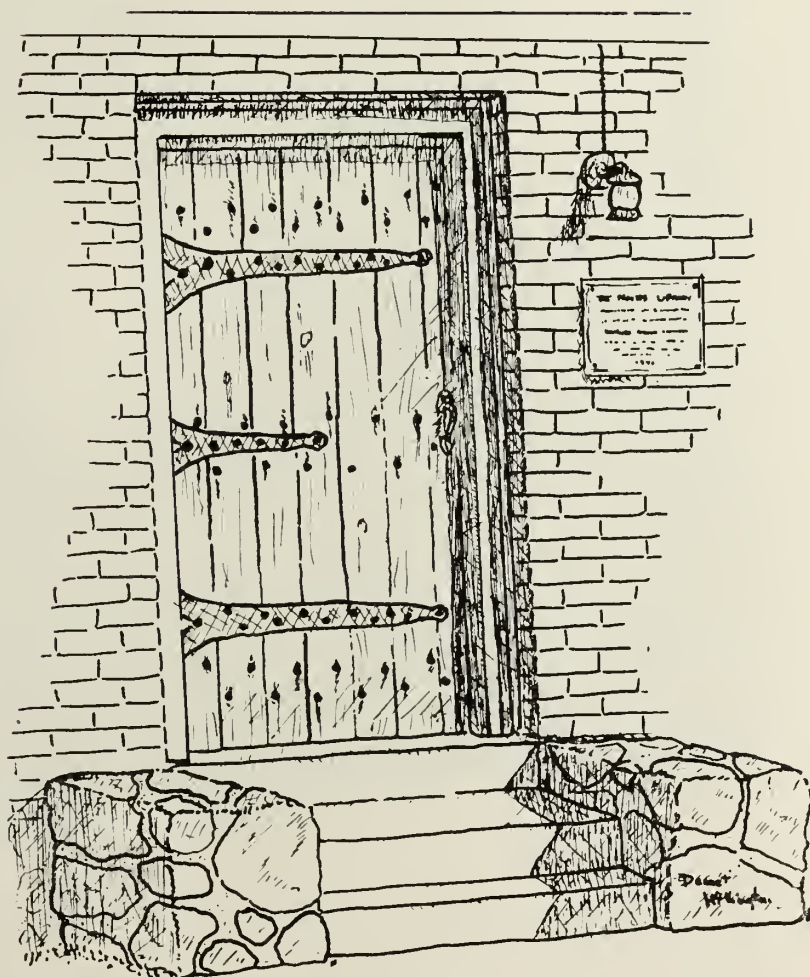

The Dance Committee for their successful dance which greatly relieved the financial situation.

Mr. Richard C. Erler for his generous aid in procuring food for the dance weekend.

Our advertisers whose advertisements have made possible the publication of the MILESTONE of 1954.

DEDICATION

*With a true respect and gratitude for his contribution
to Governor Dummer, and to our understanding
of the English people, the Milestone of 1954
is gratefully dedicated to*

MR. K. W. M. HOOPER

*He has taken his place here as an invaluable friend, has
cheered our corridors with his humor, and has good-
naturedly beaten many of us at golf or tennis. We hope
that he may return to England with as warm a feeling
of our American traditions.*

The Governor Dummer Chapter of the *Cum Laude Society* received its charter on February 10, 1934. The purpose of the society is to promote scholarship and to recognize scholastic achievement. In secondary schools its function is, therefore, comparable to that of the Phi Beta Kappa Society in colleges.

The by-laws of the society state that to be eligible for election a student must attain a minimum standing of eighty per cent during his senior year and must stand in the upper fifth of his class. A three-fourths vote of the faculty members is necessary for election; and the members are pledged to consider each candidate's record during the earlier years of his secondary school work, his diligence, particular abilities or deficiencies, and the nature, and number of courses on which his average is based.

President Robert W. McEwen of Hamilton College was the guest speaker at the annual initiation banquet held on May fourteenth.

Junior Class

To the junior many doors are open. He is the coming senior, and he usually finds many more activities which he has an opportunity to join. The juniors play an important part in the glee club, are more active on publications, and lead the underclassmen in the after-dinner softball games of the spring term. In sports the junior shows himself as an essential part to both the depth and leadership of many varsity teams. However, one can be sure that the junior is not particularly enthusiastic about being like the seniors on the day when he samples college boards. Still, when commencement rolls around, and the junior stands on a hot June day to watch the black gowns and caps march slowly around the milestone; he is happy, ready, and able to fill the top places in the school which are left for him.

Sophomore Class

The Greek roots of the word "sophomore" translate "wise fool". This meaning is certainly appropriate, for nothing is new to the sophomore. He is well established, is familiar with everybody and everything. He knows all the answers — just ask him. The fall term finds the sophomores demonstrating their prowess in touch football outside the dormitories. In the spring it is their dexterity with a lacrosse stick. The sophomore is a master of sarcasm and a renowned menace of the studyhall. It would seem that simply looking at the ceiling-high bookshelves in the Cobb Room would subdue his ego. However, any number of dormitory waterfights will not drench his spirit. The sophomore goes through a stage of foolishness, good times, and learning. Humiliation is finally forced upon him when he stands singing the senior song under the trees at commencement time, and the responsibilities of a junior are placed upon him.

Freshman Class

Every year as the weather shows signs of spring, the bell in the Little Red School House is frequently heard ringing. Each time the bell tolls, it signifies a prospective Governor being shown through the school and marks the coming of a new freshman class. September sees cars, suitcases, golf clubs or tennis rackets, parents, and finally the boys beginning to arrive. At dinner the freshman is introduced to a "cut". After he has attempted getting seconds on steak, been nabbed by a headwaiter for not taking spoons out of the dishes, and has ended up by taking most of the cuts for several meals; it dawns upon him that he has been faked out by the presumptuous seniors. In the progress of the year, the freshman is initiated in the ways of Governor Dummer classes, studyhalls, activities, masters, dormitory life, and the boys. The bell in the Little Red School House then rings again for commencement, and the once timid freshman becomes the sophomore.

The Soccer Season

By ROBERT G. ABBOTT, JR.

The soccer team's hidden talent was displayed this year in its full glory. The team assembled in the fall and began its careful preparation, then went on to have an undefeated season. These champions topped every scoring record in school and again won the Gummere Cup. Their success was due largely to their unfailing spirit and resolution.

The first contest was with Andover. Both teams fought hard during a scoreless first half. In the second half Shad Tubman tallied twice to start the scoring for the Governors; and Dodd Miles penetrated, making the score 3 to 1. Arky Vaughan and Shad combined for the final two tallies. Andover scored only two times, and the 5 to 2 win was an excellent start.

Easy, confident ball playing marked a 7 to 0 victory over Noble and Greenough in the second game. The Governors beat Brooks by a score of 3 to 1. Arky Vaughan scored the first goal, and Brooks quickly

retaliated. However, the Liberian combination of Yancy and Tubman tallied two more to finish the game. On October 21, Belmont High School also went down under the Red Team by a score of 3 to 1.

A large partisan crowd gathered on Parents' Day to watch the Governors defeat Milton by a 4 to 0 margin. The game was a fine exhibition. Captain Dave Hicks scored two, and Dodd Miles and Shad Tubman each tallied.

At Tabor, Captain Dave Hicks played a sterling defensive game. In addition, two goals by Tubman and one by Dodd Miles compiled to make the final score 3 to 0.

On November 4, the Governors were hosts to an exceptionally strong Medford High team. The game was a wavering battle until late in the fourth period when Dodd Miles put one through Medford's virtually impenetrable goalie. With about fifteen seconds left in the game, Medford retaliated, tying the score. Overtime was

running out when Shad Tubman seemingly materialized from nowhere and saved the day for the Governors. The scoring ended 2 to 1.

The St. Paul's game marked a new scoring record for the most goals made in one season by a single player. Shad Tubman broke the record after scoring five goals in this game. His total for the season was nineteen. Dave Hicks tallied the other goal against St. Paul's to make the score 6 to 0. Belmont Hill was beaten, 2 to 0.

On Saturday, November 7, the team battled St. Mark's in a severe northeast storm. The rain could not drench the Governors' spirit, and they played well against the odds, scoring five goals.

Everyone looked forward to the Browne and Nichols game with apprehension, owing to the previous year's experience when this game had shattered a possible undefeated season. The student body displayed tremendous enthusiasm and journeyed down to Cambridge to cheer the

team on. They witnessed a tense game. The fourth quarter drew painfully near a close — scoreless. Then Shad penetrated for the much needed and only score of the game. This victory was the climax of the season for Governor Dummer's first undefeated soccer team.

On Saturday, November 21, these boys played together for the last time in an exhibition game with the team captains and the best players in the league. The 2 to 2 draw was a fine display of skill.

No one man can be singled out as the mainstay of this team, for every man played steady, driving, and unselfish soccer all year. Mr. Navins presented the most valuable player award to the entire team as a tribute to each of its members. The leadership of Captain Dave Hicks was a constant inspiration. Also, the brilliant coaching of Mr. Navins was greatly responsible for this year's record and was deeply appreciated by all of the boys who played under him.

The Football Season

By DAVID M. HICKS

This fall the Governor Dummer football hopefuls streamed onto the field with their work cut out for them. They set out with grim determination to follow in the footsteps of last year's undefeated team.

After a week of intensive practice the Governors kicked off to the Groton eleven on the newly christened Byfield Bowl. With six veterans in the starting lineup, the team made an impressive debut, due mainly to the running and passing of quarterback "Skip" Pescosolido and halfback Sam Sargent. With touchdown passes from Sargent to Hubbard and one from Pescosolido, it was the Governors' game, 18-6.

The following Saturday the Redmen found a big St. Sebastian's club waiting at Newton. After a slow start the Governors tallied twice during the second quarter. Pesky accounted for both touchdowns, on a pass and a twenty-five-yard end-sweep. Sargent nailed an opposing player in the

end zone, securing the game for the Governors, 14-6.

Providence furnished the setting for the next game, against a highly regarded Moses Brown eleven. The Governors were on top all the way, however, and went on to a 13-0 victory.

A large crowd gathered at the Byfield Bowl on Parents' Day to witness the battle against the undefeated Milton eleven. The Governors made the initial stab with a tally by Pesky late in the first quarter, but Milton quickly retaliated, and the score at the half stood at 7-6 in favor of the visitors. Milton scored again in the third period, but missed the extra point. In the last period the Governors recovered a fumble deep in enemy territory, and Pesky passed to Dick Moore for the second Red and White tally. Pesky passed again, this time to end Dick Pew, for the extra point; and the game ended in a 13-13 deadlock.

For the first time in two years the Governors tasted defeat, at the hands of a powerful Tabor squad. Tabor scored on its second play from scrimmage with a beautifully executed screen pass, and then went on to score three more touchdowns during the first half. Although allowing the Taborites only two more tallies, the Governors were unable to drive to a touchdown; and the game ended at 39-0.

The first half of the following game, against St. Mark's, showed the pattern of the Tabor game; and the Governors found themselves trailing, 12-0, at the onset of the third quarter. The Red team completely dominated play in the last period, however, pushing over two touchdowns. Pesky completed passes to Hubbard and Andrew for the two scores. But these two tallies were not enough to overcome the St. Mark's lead, and the game ended with an 18-13 score.

The final game of the season was played on the Belmont Hill gridiron. The Governors got off to a fast start by driving seventy yards for a touchdown during the first quarter. Halfback Sam Sargent scored again, but not before the opposition had amassed a total of forty-one points. The Belmont Hill eleven made a final tally, and the game ended with the Governors at the bottom of a 48-13 score.

And so ended a season in which the Governor Dummer football team chalked up a balanced record — three wins, three losses, and one tie. The team's record is of little importance, however, when it is compared with the spirit and leadership of its Co-Captains, John Andrew and Dick Michelson. A great deal of respect and thanks goes to Coaches Sager, Murphy, Withington, Evans, and Augusta for their invaluable guidance throughout the 1953 football season.

Volleyball

By PHILLIP L. BANCROFT

Toward the traditional time of drawing teams for the volleyball season, all of Governor Dummer were tensely following the daily announcements about our "Pontiferous Potentate of Pushball". A mumble was heard wherever students gathered together. The question of the hour was, "Would Poobah come this year?" Each notice from Poobah's home planet, Pluto, seemed more and more promising. Perhaps this was to be the year.

As the boys were gathered in the Cobb Room on the momentous occasion, an expectant silence prevailed. Everyone drew a quick breath when the front door slammed. However, it was only a "Plutonic messenger" with the unfortunate news that Poobah would have to be contacted by space phone as in most previous

years. Smiling almost as enigmatically as Poobah does, Mr. Mercer announced that this year's teams would be named after fruits and vegetables. A crescendo of anticipating laughter could be heard. Poobah fulfilled well the possibilities of naming the teams.

And so the greats and not-so-greats of the volleyball leagues took to the floor in one of the most exciting pushball seasons. The height of the season came when Mr. Stone's "Peach Pits" moved up from behind to take the crown in the Fruit League and then proceeded to triumph over the Vegetable League champions, Mr. Witherspoon's "Cabbage Heads". Both teams were rewarded with steak and apple pie, which was "à la mode" for the victors.

The Basketball Season

By ALLAN KEITH

With the opening game scheduled five days after the return to school, the beginning of the Governor Dummer basketball season did not look too cheerful. However, under the coaching of Mr. Witherspoon, the whole squad livened and materialized into an aggressive club. The team supported only two returning lettermen. Captain Ernie Lamb was a great inspirational and physical help to the team with his fine back-court play; and backed by Dave Hicks's deadly shooting on attack, the season finished very well with ten victories and only four defeats. A most important factor was the amazing development of the unit which far exceeded the most hopeful expectations. Both the offense and the defense proved to be strong; and with a high morale, the team totaled approximately 57 points a game.

After only four practice sessions, a trip was made to Cambridge to meet the M.I.T. Freshmen. The Governors looked very well in this first contest, winning it easily, 62 to 43, chiefly by the efforts of Dave Hicks, who tallied an amazing 35 points. Next came bouts with Lawrence and St. Sebastian's, which were both won by good margins. In the second home game of the year played at Alumni Gymnasium, the team faced Mass. Maritime Academy and came out on top handily, 50 to 35.

On Saturday, January 23, the Red Men played host to Belmont Hill. Belmont's winning streak was snapped as they succumbed, 73 to 61. The closing minutes of the game with Lynn English decided the Governors' first loss, 51 to 50. Then on January 30 came the annual battle with

St. Paul's from which the Governors emerged victorious by one point.

An inexperienced Browne and Nichols club was the next opponent, and this contest was won handily by a score of 43 to 33 in a comparatively easy afternoon's work. On February 13, Milton visited Alumni Gym and discovered their traditional rivals easily superior as the home team triumphed, 56 to 32. The following week showed defeat to Belmont High in an exceptionally well-played game. Despite a last minute scoring rally, the score ended 49 to 54.

The Governors travelled up to Hebron for their next encounter. In the opinion of Coach Witherspoon, this game was the best of the season in all respects. The defense was impenetrable with Ernie Lamb and John Nash on the job. Dave Hicks was double and triple teamed, but his scoring and rebound play could not be stopped. The team pulled out a win, 59 to 52. Two games with Huntington and Tabor were dropped by respective scores of 53 to 49 and 59 to 40. The G.D.A. five finished up their schedule in winning style by defeating Rivers School, 73 to 64.

The team's record was pleasantly surprising this year in view of the conditions which were faced at the beginning of the season. The whole squad, and especially the starting players, improved more over their last year's performances in every regard than the Coach thought possible. Also, many new faces on the court gave an encouraging hint that the coming teams will follow in the footsteps of these boys, holding to the high standard of team play and skilled basketball which they have shown at Governor Dummer.

The Winter Track Season

By DAVID M. HUTT

The 1954 winter track team compiled a record unequalled by any past winter team in the history of the school. During the course of the season two all-time records and virtually all winter records were broken or tied. Aside from these individual accomplishments, the team as a whole made excellent showings against the best preparatory school competition in New England.

The official season began on January 30 with the B.A.A. Games Relay at the Boston Garden. Competing against nine other prep school teams, the Governor Dummer mile relay team qualified for the finals in the evening. Moses Brown and the Huntington School edged Governor Dummer into third place, but at the same time the team set a new Governor Dummer record of 3:41.2. Competing for the Governors were Carl Pescosolido, Dave Crockett, Tony Gowen, and Thornton Burke.

In a dual meet against the Exeter J.V. team, and later in a triangular meet with the Exeter J.V.'s and Portsmouth High School, the team broke many records, while easily leading the scoring in both meets. George Boynton set a new all-time school record by heaving the shot put 50' 4"; and Dave Crockett, the captain of the team, set a new 600 record of 1:21.

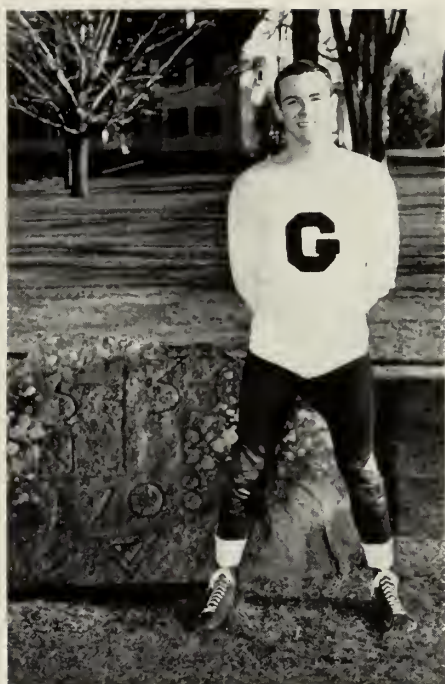

The finest meet of the season was the Interscholastics held at the Phillips Andover Academy, in which ten New England preparatory schools participated. Governor Dummer took the lead at the very outset and held it until the final event, the 300-yard dash. Andover took second and third place in this event to nose out the Governors by eleven-fourteenths of a point. Carl Pescosolido,

George Boynton, and Paul Getchell took the first three places, respectively, in the shot put. Pesky then tied for first place in the high jump with a leap of 5'10", and won the 40-yard high hurdles in 5.5 seconds. Thus he became the first competitor ever to win three events at the Interscholastics. Brad Crane ran a second place, 4:54.9 mile to set the winter record in that event. Tony Gowen clocked a 2:30.5 thousand-yard run for a new winter record. Captain Dave Crockett clinched third place in the 600-yard run for the Governors.

The Bowdoin Interscholastics a week later were won by Phillips Exeter Academy, Governor Dummer tying for second place with the Huntington School. Thornton Burke broke the school 300-yard-dash record with a 33.7 second time. At Bowdoin also, Pesky broadjumped 20 feet 7½ inches for an all-time record.

This year's team was unusually strong. A great deal of natural ability contributed to its performance. However, this natural ability becomes skill only after many hours of patient and expert coaching. Mr. Withington developed a high degree of skill with this team in sprinting, hurdling, and jumping. There is no denying the exceptionally fine effects which Mr. Boyd Maunsell's famous cross-country conditioning trips had on the distance runners. The two coaches provided the patience and understanding needed to bring out the best in the team.

Team spirit, so hard to acquire in an individual sport such as track, played a great part in making the 1954 season a success. Under the leadership of Dave Crockett, the trackmen worked as a team to win as a team.

The Wrestling Season

By MICHAEL B. SMITH

The advent of the 1954 wrestling season brought to the mats over 25 candidates, consisting for the most part of freshmen and sophomores. A fair season was forecast by the return of four lettermen. From a team composed mostly of underclassmen, the grapplers gained two victories and a draw, while dropping five contests. Although only average from a win and loss standpoint, the team displayed spirit and fight throughout the season. Aply led by Captain Dick Pew, the team compensated for its unsteady wrestling with continual humor and spark, especially from the captain-elect Cris Beebe, known to all pugilistically inclined as "C.B."—from the west coast.

The opening match saw the inexperienced wrestlers drop a 24-10 decision to Browne and Nichols. Dick Pew's exciting bout and Bob Abbott's pin highlighted the match.

Noble and Greenough felt the power of the Redmen, as the Governors came up with a 16-16 draw. Good wrestling was displayed by Tom Larsen, Pete "Varsity" Renkert, Dick Pew, and Bob Abbott. Big Bob's bout was a real thriller, as he wrestled a fine opponent to a draw, thus knotting the score.

The match against Brooks was featured by four pins, as the Red team triumphed, 26-15. Cris Beebe and "Lug" Abbott made short work of their men, while Renkert and Dan Leary took a bit longer. Larsen and Pew also won, both by decisions.

A trip to St. Mark's was in vain, as the men of Southboro trounced the Governors, 26-13. Roxbury Latin, however, fell prey to the Red might; and with pins by Larsen, Renkert, Beebe, and Abbott, the Red and White came out on top, 23-16.

An enjoyable excursion to Wellesley High School provided the team with a rest,

for the hosts had decided to wrestle Andover that day. A brief meal in the town preceded the journey back to school, where a second steak awaited the team.

Milton provided the best match of the year. Although dropping a 22-13 decision, the Redmen fought with great determination, as Rollie Larsen, Dick Pew, and Bob Abbott won easily. Joe MacLeod resisted a fall for over ninety seconds making the most thrilling effort of the day.

The last two contests ended in defeats for the Big Red. The Andover J.V.'s had the Governor's number with a 22-11 victory, as only "Big Bob" could pin his man. At Tabor the Red opened with three straight wins but could not amass any more points and again lost by a score of 22-11.

A quick glance at the season's record may appear uninteresting, but several incidents should be noted. Consternation arose when Joe MacLeod was one and a half pounds overweight. However, the ride to Andover in the "comfortable" station wagon rapidly brought Joe down to weight—with room to spare. The dearth of medical kits and water at most of the matches hinted somewhat at the managerial efficiency, as Coach Evans will testify. "C.B.'s" business transactions with his "associates on the west coast" and his subsequent trip to the east for medical reasons provided laughs to all the team. "Beeb's" craving for "duals" and "gunning it" entertained the entire team.

The memories of this year's team will be many to those who were a part of it. Inspired by a fine leader and instructed by fine men, the wrestlers gained a grand sense of sportsmanship and the will to win. A green team from the start, their fight and humor made the 1954 season a fine one indeed.

The Ski Team

The 1954 ski team was one of the most versatile organizations in G.D.A. However, their agenda of events did begin with a little snow. The enthusiasts were just getting broken in on the gentle slopes of the Ould Newbury golf course when the inconsistent weather made it advisable to schedule the first meet on January 27. At Amesbury the slalom was set up around the appearing grass spots. Exeter was slightly superior in the "water skiing" contest which ensued, breaking a lead of 100 to 89. The Governors were led by their expert captain, Arky Vaughan, who was followed by Dave Ellis, Monty Graham, Dick Bartlett, Pete Coon, and W. R. Foster. This meet proved to be the last as well as the first.

The winter weather then took a turn, and with it the activities of the versatile ski team. Mr. Witherspoon's announcement became familiar — "The ski team will run to the bridge", or "Skiing in

Lang Gym at 4:30, dressed for basketball." The skiers who would chance upon the 300 mark during a track workout found that they could not quite keep up to Burkie. However, a somewhat warmer battle with the pony basketball team proved to be quite even.

To turn again to the more optimistic side — skiing — South Byfield conditions were not the limits. Many times during the season a large group of warmly dressed skiers assembled in the black, pre-dawn hours of Sunday morning to set out for a day at Belknap, Mt. Sunapee, or North Conway. A greater number of these trips north were made possible with the enthusiasm stirred up by Coach Augusta. A part-time professional skiing instructor himself, Mr. Augusta taught the boys many technical skills as well as a great love of the sport. Arky Vaughan with his goggles and his well-waxed skis will also be remembered as a leader on the hillsides.

The Hockey Season

By DENNET W. WITHINGTON

It cannot be denied that good fortune left the Governors "holding the bag" this hockey season. Though this was a relatively good year for ice, the hockey team came out on the short end of the record with a lone victory, a tie, and nine losses.

Perhaps more ice was available than in recent years, but the past poor years have left their mark on the young pucksters of today. As Coach Murphy says during his yearly job of turning a handful of hopeful prospects into a polished outfit, a hockey player can be made from a skater, but one cannot make both a hockey player and a skater in one year. This year the team succeeded in holding a practice scrimmage with Danvers High School before the Christmas recess — a true luxury. Electric floodlights were also acquired for the Ingham rink. With this new addition to the athletic plant, an hour of good ice was added to each day's practice.

Captain "Pogo" Rolfe led a predominately underclassman team this year. The Governors began the season with an 8-1 loss to St. Mark's but bounced back to hold the Brooks School team to a scoreless tie. After a 7-0 shutout at the hands of a strong Middlesex team, the Redmen lost one to the St. Sebastian's sextet by a margin of 4-1. Bill Durrell accounted for the Governors' lone tally with an unassisted goal in the third period. Following a loss to the Phillips Andover aggregation, the pucksters finally broke into the winning column with a 3-1 victory over

the Lawrence Academy team. "Pogo" Rolfe, Bill Hoyt, and Berry Barnes each put one into the nets for the Governors.

The remaining portion of the slate was destined to be a losing one for the Red and White. Among the five losses that finished up the season was a very close 1-0 contest with the Browne and Nichols School.

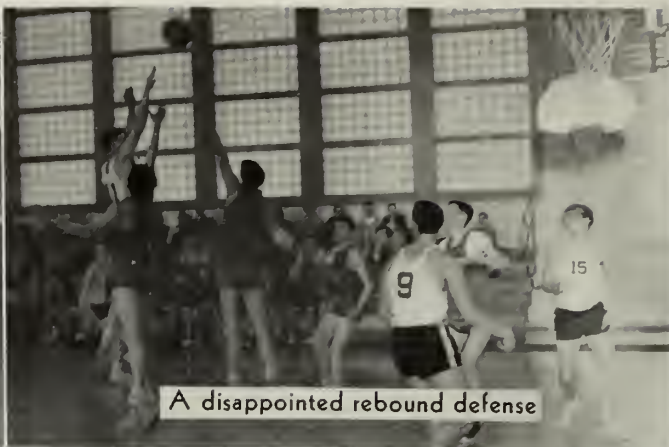

Sophomore Pete MacGonagle and freshman Bob Turnbull tended the "drapes" alternately during the season. These boys show much promise for their remaining years at Governor Dummer, but this year they lacked the extensive experience that a goalie needs. At defense, Captain "Pogo" Rolfe worked with Tom Wende, Pete Haendler, and sophomore Dick King. The first line consisted of Bill Hoyt at center, with Dick Bailey and Berry Barnes skating the wings. The team's depth was augmented by a second line of center Jon Windle, Latham Nichols, and Jack Pallotta. A third line had "Chuck" Duncan at center, with Bill Durrell, Bill Spence, and Allen Keith alternating at the wings.

This year's record was disappointing and does not indicate the great enthusiasm and spirit that prevailed among the members of the team throughout the season. Little explanation is necessary, however, for those who saw the team down on the rink, tirelessly and gamely striving for perfection. For Mr. Murphy's excellent coaching and his unfailing enthusiasm the hockey team is grateful, and will return next year to prove it.

The Spring Track Season

With three months of valuable training and experience behind them, the bulk of the Winter Track Team turned out in April together with many newcomers to carry on the winning tradition of the track team at Governor Dummer. Paced by Co-Captains Thornton Burke and Carl Pescosolido, and coached by Mr. Withington and Mr. Sager, there was unusually fine strength in the dash and field events. It was Mr. Boyd Maunsell who developed the excellent potential in the distance events to balance the team. Two outstanding performers in the distance runs

were Brad Crane and Tony Gowen. Brad Crane dominated the Governors' milers, and no one will ever forget Tony Gowen's beautiful stride as he ran many a fine half-mile throughout the season. Carl Pescosolido, Paul Getchell, and George Boynton placed consistently in the field events, while Thornton Burke and Fulton Yancy dominated the dashes. The team's over-all prowess was shown at the very outset of the season by a 66-51 victory over the M.I.T. Freshmen, one of the Governors' strongest opponents.

The Lacrosse Season

A combination of excellent potential, fine coaching, and good weather had much to do with making the lacrosse team a success this year. The team's strong point was the two experienced and smooth-working midfields led by Arky Vaughan, Dick Pew, Mike Smith, and Dick Michelson. The development of a first-class attack was not long in coming, and the six men on the first two attack teams had all participated in scoring by the end of the first two games. Led by Captain Howie Clarke and Tom Larsen in the goal, the

defense provided the strength in that department which made the team one of the best-balanced groups to have represented Governor Dummer. The unusual number of juniors and sophomores on the squad added much depth to the team and gave promise of even better things to come next year. The team was faced with a tough schedule, including Tabor Academy, the Harvard Freshmen, and the New Hampshire Freshmen; but an early season 5-4 triumph over Andover gave them the necessary confidence and the will to win.

The Season

Led by Co-Captains Bob Shaw and Charlie Volpone, the golf team kept pace with the other spring sports in their fine records. Mr. Mercer had one of the largest groups in years from which to choose the team. Besides the two "old pros", Bob Shaw and Charlie Volpone, some other golfers that usually represented the school

were veterans Bernie Michals and Dave Ellis. A newcomer who was very valuable was freshman Frank Higgins. The golf team started off on its quest for victories with a 17-10 win over the M.I.T. Freshmen. Exeter and Andover provided stiff competition for the Governors in the triangular matches with those schools.

The Baseball Season

With few returning lettermen on the baseball team this year, it was uncertain at the beginning of the season who would fill the posts vacated by last year's seniors. Little was known of the capabilities of the majority of the prospects, so both the varsity and junior varsity squads reported for practice together during the first two weeks of the season. After this length of time had elapsed, the squads were divided; and many of last year's J.V. players found themselves on the varsity squad. The pitching staff was strong and well-rounded, including veteran Paul O'Brien, Buddy Hadley, and Berry Barnes. The loss of Buddy Hadley early in the season, however, left the team with only two dependable pitchers. Sam Sargent, converted last year from an outfielder, filled the position behind the plate;

while another veteran, Dick Moore, played first base. Sophomore Vince Sgarzi won the keystone berth and proved to be a dependable second-baseman. Ernie Lamb at shortstop and Jack Pallotta at third base rounded out the infield. The three starting outfielders were George Gardner, Dodd Miles, and Bob Griffin.

With a good defense and strong pitching, the team's only weakness lay in hitting. Because of this weakness, the majority of the Governors' best games were pitching duels. One of the most memorable of these was the thirteen-inning scoreless tie game against Tabor Academy on May 1st. Paul O'Brien pitched flawless ball for the full thirteen innings, but the Governors were unable to back him up with any runs.

The Tennis Season

The tennis team which has been developing during the last four years reached its peak and had an unusually successful season. Back for his fourth year on the team and his third year as Captain was Dave Hicks, aided very ably by his brother Don at the number two spot. Both played excellently throughout the season in singles and formed a sensational team in the doubles competition. The four others on the team were also veterans of at least one year, and they gave the team the depth necessary for winning against strong competition. A. C. Hubbard and

Robin Rowbotham played together as the second doubles team, and Bill Durrell and John Nash constituted the remaining doubles attack.

The Governors wasted no time in proving their strength, for they blanked the Middlesex tennis team 9-0 in their first encounter of the season. They followed this up with an 8-1 victory over St. Paul's School. With these victories in their first two matches, the Governors' hopes rose for bettering their last year's third-place performance in the Intercholasties at Phillips Exeter Academy.

The Glee Club

By FRED C. SCRIBNER

Since its founding in 1931 the Glee Club has risen in prestige until it has become our school's largest extra-curricular organization. Almost all of the student body took part in the highly competitive October tryouts, sixty boys being selected. About half were returning members from last year's Glee Club.

Soon after the first rehearsal, preparation was begun for the ninth annual New England Preparatory School Music Festival Chorus at Symphony Hall. Mr. Sager placed great emphasis upon attaining perfection for this concert, which was held on March seventh. Such things as balance, response, attack, dynamic flexibility, and vocal color were stressed. The degree of success which was achieved by the participating school choruses can best be expressed by the words of the *Boston Herald* music critic, Mr. Rudolph Elie: "Judged from the severest professional standards, the concert was no less than extraordinary; judged by school standards it was — I deplore the use of the word, but none other quite fits — terrific." Mr. Elie's opinion was also shared by over two thousand people at Symphony Hall, who witnessed the inspiring presentation of Handel's *Messiah*. Under the direction of Mr. Wilfrid Pelletier, forty-three members of the Boston Symphony Orchestra accompanied the chorus of 350 voices. The eight schools were additionally honored in having as soloists: Rose Bampton, soprano; Ernest McChesney, tenor; and Denis Harbour, bass. Prior to the concert Mr. Sager and seven members of the Glee Club had appeared under the bright lights of television for a half-hour show sponsored by station WBZ and the *Boston Globe*. Similar representations from the other schools in the Music Festival made a chorus of about fifty voices for this show.

This year's schedule of concerts began with an appearance before twenty-five hundred members of the North Shore Federation of Churches in Salem. The most favorably received rendition of the evening was a moving performance of *The Lord's Prayer*. The Glee Club had four joint concerts with the Glee Clubs of the Winsor School, the Dana Hall School, the Beaver Country Day School, and the Walnut Hill School. The numbers usually sung by the combined choruses were two Psalms by Shurtz and several choruses from the *Messiah*. The Governor Dummer Glee Club sang its own selections, of which the most popular were *The Musical Trust* and *The Student March Song*. At the Beaver concert, the Glee Club introduced two selections from *The King and I: We Kiss in a Shadow*, with a tenor solo by Newt Stiteler, and *I Whistle a Happy Tune*. Mr. Kerr's double quartet, The Meistersingers, were always a big hit with their renditions of *Landlord, Fill the Flowing Bowl* and *Talk about Jerusalem Morning*. Each concert was followed by a very enjoyable dance.

The school's interest necessitated the formation of a Junior Glee Club of freshmen and sophomores under the direction of Mr. Kerr. This club had its own schedule and sang at the Commencement Exercises along with the Senior Glee Club.

Paul Getchell; the accompanists, Mr. Kerr and Mr. Stone; and the oft-forgotten managers, Michael Smith, Jon Windle, David Thompson, David Ellis, and Fred Scribner all played important roles. Particularly, however, the Glee Club will remember the patience and thoroughness of their director, Mr. Sager; for it has been he who has played the most prominent role in the development of the Glee Club.

*Towle's crisp, young Rose pattern
with modern manners*

Rose Solitaire

in solid, solid silver

This enchanting pattern will captivate Brides of any June, will be as popular for anniversaries as for this year's weddings.

Rose Solitaire is young, yet its theme is old . . . a single long-stemmed rosebud. Its motif is sentimental, yet its treatment is simple and direct, its outline smooth.

It's priced for modest budgets at \$29.75 the six-piece place setting, \$3.70 the teaspoon. Serving pieces from \$4.00.

THE REVIEW

A Book To Be Treasured . . .

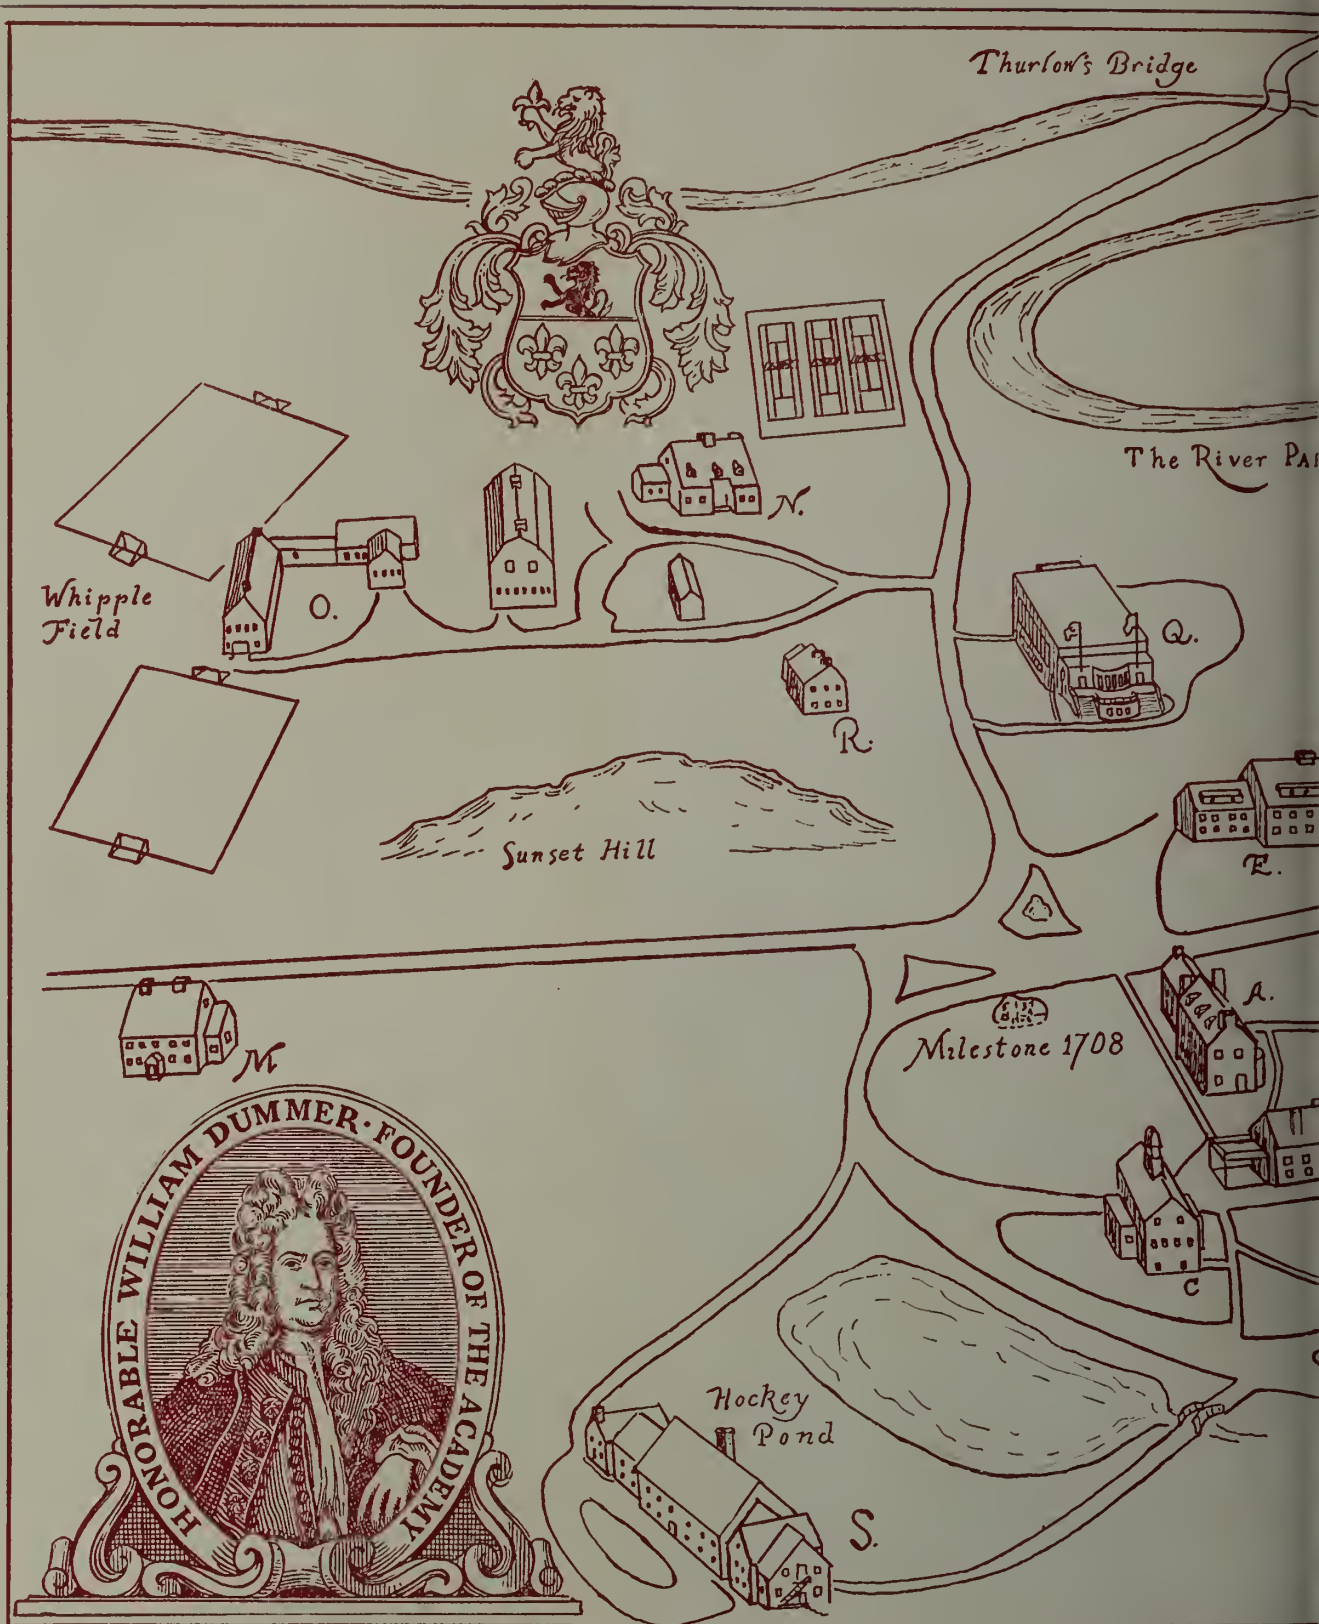

This annual is a permanent record, in picture and prose, of the academic year 1953-1954 at Governor Dummer Academy. Its value will increase as the years pass, and the quality of the printing will contribute in great measure to its lasting worth.

The Andover Press, Ltd., takes pride in its well-known craftsmanship which, combined with the long hours of careful planning and painstaking editorial work by the MILESTONE Staff, makes this a book to be treasured.
